PMR

MARKET  
EXPERTS

## PMR is a leading research and consulting company in Poland.

As experts in **consultancy and advisory services**, we specialise in providing **business solutions** for a variety of industries and businesses. Our services cover a range of areas, including **market analysis, business strategy, marketing** and **sales, finance** and **project management**, and the solutions we offer are always adapted to the **individual** needs and requirements of our client.

We provide **unique market research** not only in **Europe**, but also **globally** with development forecasts in the economic, technological and social areas. In our work, we cross-reference data from primary and secondary sources, which combined with over **25 years of experience** enables us to achieve **very high precision in our results**. We also identify key trends and events driving market changes in the short and long term.

We also offer **industry reports** on the markets in Poland and other European countries. We specialise in such industries as **retail, ICT, construction, healthcare and pharmaceuticals**.

For years, we have been **coordinating and carrying out field research across Europe** and conducting B2B surveys using CATI and TDI techniques. We are a member of **ESOMAR** (European Society of Opinion and Marketing Research Professionals), with its mission to raise the **quality and ethical standards** of public opinion and market research.

**PMR's multidisciplinary team** consists of experienced **business consultants, qualitative and quantitative researchers, economists, econometricians** and **sociologists** who have the necessary **skills and knowledge** to help our clients **succeed** in the competitive business world.
