

CONSTRUCTION CHEMICALS MARKET IN POLAND

2025

Market analysis and development
forecasts for 2025-2030

TABLE OF CONTENTS

Executive summary	8
Adhesives for ceramic tiles and other types of cladding	34
Market structure	34
Purchasing trends	43
Main product brands	48
Quality of ceramic tile adhesives available on the Polish market in 2016-2024	57
Introduction	57
Number of samples of ceramic tile adhesives tested in 2016-2024	57
Results of testing properties of ceramic tile adhesives	58
Test results of individual companies	61
Market volume, value and forecasts	64
Masonry mortar	66
Market structure	66
Purchasing trends	74
Main product brands	78
Market volume, value and forecasts	87
Thermal insulation systems	90
Market structure	90
Purchasing trends	102
Main product brands	105
Market volume, value and forecasts	115

Floor screeds	119
Market structure.....	119
Purchasing trends.....	134
Main product brands.....	146
Market volume, value and forecasts.....	155
Traditional thick-coat plaster	158
Market structure.....	158
Purchasing trends.....	169
Main product brands.....	174
Market volume, value and forecasts.....	185
Cross-case analysis of the survey by product groups	188
Market structure.....	188
Purchasing trends.....	193
Market volume and value.....	195
Development forecast for construction chemicals market in Poland for 2025-2030	196
Volume forecast for the construction chemicals market for 2025-2030.....	196
Value forecast for construction chemicals market for 2025-2030.....	198
Factors to influence the construction chemicals market in Poland.....	201
Development forecast for residential construction in Poland in 2025-2030.....	201
Development forecasts for non-residential construction in Poland in 2025-2030.....	204
General macroeconomic outlook.....	208
Growth rate for prices in construction chemicals market and prices in general.....	209
Interest rates and demand for mortgage loans.....	210
Labour market situation in Poland.....	212
Population's financial situation.....	213
Investment growth rate in Poland.....	214
Demographics.....	215
War in Ukraine.....	215
Assumptions behind alternative market development scenarios.....	216
Real GDP growth.....	217
War in Ukraine.....	217
Inflation in Poland.....	218
Interest rates in Poland.....	219
Construction market – residential construction.....	219
Construction market – non-residential construction.....	221
National Recovery Plan.....	222

Geopolitical situation.....	223
Labour market situation.....	223
Poles' purchasing power.....	224
Business confidence index in the construction chemicals industry.....	225
Business confidence index in the construction chemicals industry.....	225
Components of the business confidence index for the construction chemicals industry.....	226
Competitive environment of the construction chemicals market.....	238
Assessment of the image of the top nine product brands.....	238
Overall brand ranking.....	239
Training courses offered by manufacturers of construction chemicals.....	240
Loyalty programmes offered by manufacturers of construction chemicals.....	243
Overview of the competitive environment.....	245
Methodology.....	245
Ownership structure and resources.....	245
Activity in the analysed sector.....	247
Investments increasing the production potential.....	250
Acquisitions among companies operating in the construction chemicals market.....	252
Profiles of leading manufacturers of construction chemicals.....	254
Arsanit Sp. z o.o.	254
Atlas Sp. z o.o.	255
Baumit Sp. z o.o.	256
Bolix S.A.	257
Caparol Polska Sp. z o.o.	258
Cedat Sp. z o.o.	259
Cemex Polska Sp. z o.o.	260
Dolina Nidy Sp. z o.o.	261
Farby Kabe Polska Sp. z o.o.....	262
Fast Wall System Sp. z o.o.	263
Greinplast Sp. z o.o.	264
Henkel Polska Operations Sp. z o.o.....	265
Kerakoll Polska Sp. z o.o.....	266
Knauf Bauprodukte Polska Sp. z o.o.....	267
Kreisel Technika Budowlana Sp. z o.o.....	268
Mapei Polska Sp. z o.o.....	269
Piotrowice Sp. z o.o.	270

Saint-Gobain Construction Products Polska Sp. z o.o.....	271
Selena S.A.....	272
Sievert Polska Sp. z o.o.....	273
Sika Poland Sp. z o.o.....	274
Solbet Sp. z o.o.....	275
Sopro Polska Sp. z o.o.....	276
Sto Sp. z o.o.....	277
Termo Organika Sp. z o.o.....	278
Methodology of the report.....	279
List of graphs.....	289
List of tables.....	302
About PMR.....	305

LIST OF GRAPHS

1. Number of orders for the installation of tiles and other types of cement or stone cladding in Poland (%), 2025	36
2. Average number of tiling orders in Poland, 2021 and 2023-2025	36
3. Average number of tiling orders in Poland, by main employers commissioning renovation and construction works, 2025	36
4. Share of tiling orders, by area in square metres in Poland (%), 2021 and 2023-2025	37
5. Share of tiling orders, by area in square metres in Poland, by main employers commissioning renovation and construction works (%), 2025	37
6. Value of a typical tiling order in Poland (%), 2021 and 2023-2025	38
7. Shares of new buildings and existing buildings in the total area tiled in Poland (%), 2021 and 2023-2025	38
8. Shares of new buildings and existing buildings in the total area tiled in Poland, by main employers commissioning renovation and construction works (%), 2025	39
9. Shares of building types in the total area tiled in Poland (%), 2021 and 2023-2025	39
10. Shares of building types in the total area tiled in Poland, by main employers commissioning renovation and construction works (%), 2025	40
11. Shares of waterproofing installed in the total area tiled in Poland, by main employers commissioning renovation and construction works (%), 2025	40
12. Shares of adhesive mortar types in the total area tiled in Poland (%), 2021 and 2023-2025	41
13. Shares of adhesive mortar types in the total area tiled in Poland, by main employers commissioning renovation and construction works (%), 2025	41
14. Shares of area of tile types used in Poland (%), 2021 and 2023-2025	42
15. Shares of area of tile types used in Poland, by main employers commissioning renovation and construction works (%), 2025	42
16. Shares of ready-mix adhesive mortar from construction chemical manufacturers and mortar mixed on site in Poland (%), 2021 and 2023-2025	43

17. Shares of ready-mix adhesive mortar from construction chemical manufacturers and mortar mixed on site in Poland, by main employers commissioning renovation and construction works (%), 2025.....	44
18. Shares of cement-based and ready-made acrylic masses used in grouting in Poland (%), 2021 and 2023-2025.....	44
19. Main places to buy adhesive mortar in Poland (%), 2021 and 2023-2025.....	45
20. Main places to buy adhesive mortar in Poland, by main employers commissioning renovation and construction works (%), 2025.....	45
21. Most popular DIY store chains in Poland to buy adhesive mortar (%), 2021 and 2023-2025.....	46
22. Relevance of factors when selecting tile adhesive mortar in Poland, 2021 and 2023-2025.....	47
23. Relevance of factors when selecting tile adhesive mortar in Poland, by main employers commissioning renovation and construction works, 2025.....	47
24. Waterproofing brands most commonly used in Poland (%), 2023-2025.....	49
25. Number of tile adhesive brands used by the surveyed companies in Poland (%), 2021 and 2023-2025.....	50
26. Number of tile adhesive brands used by the surveyed companies in Poland, by main employers commissioning renovation and construction works (%), 2025.....	50
27. Brands of tile adhesives used in Poland (%), 2021 and 2023-2025.....	51
28. Shares of tile adhesive brands, by area tiled in Poland (%), 2021 and 2023-2025.....	52
29. Manufacturers of comprehensive tiling systems most commonly used in Poland (%), 2021 and 2023-2025.....	53
30. Number of grout brands used by the surveyed companies in Poland (%), 2021 and 2023-2025.....	54
31. Grout brands used in Poland (%), 2021 and 2023-2025.....	55
32. Shares of grout brands, by area tiled in Poland (%), 2021 and 2023-2025.....	56
33. Number of tests on ceramic tile adhesives, 2016-2024.....	58
34. Test results of ceramic tile adhesives, 2016-2024.....	58
35. Meeting the requirement for the declared joint strength, 2016-2024.....	59
36. Meeting the requirement for declared durability under freeze-thaw cycles, 2016-2024.....	60
37. Meeting the requirement for declared durability under exposure to water/moisture, 2016-2024.....	60
38. Meeting the requirement for declared durability under conditioning/thermal aging conditions, 2016-2024.....	61
39. PMR forecast: Volume of the market of cement-based adhesive mortar for tiles in Poland (baseline variant, thousand tonnes) and change (% YoY), 2020-2030.....	65
40. PMR forecast: Value of the market of cement-based adhesive mortar for tiles in Poland (baseline variant, PLN m) and nominal change (% YoY), 2020-2030.....	65
41. Number of masonry work orders in Poland (%), 2025.....	68
42. Number of orders involving masonry works in Poland, by main employers commissioning renovation and construction works (%), 2025.....	68
43. Average number of masonry work orders in Poland, 2021 and 2023-2025.....	68
44. Average number of orders involving masonry works in Poland, by main employers commissioning renovation and construction works, 2025.....	69

45. Shares of orders for masonry works, by area in square metres in Poland (%), 2021 and 2023-2025.....	69
46. Value of a typical order for masonry works in Poland (%), 2021 and 2023-2025.....	70
47. Shares of new buildings and existing buildings in the total area of walls built in Poland (%), 2021 and 2023-2025.....	70
48. Shares of new buildings and existing buildings in the total area of walls built in Poland, by main employers commissioning renovation and construction works (%), 2025.....	71
49. Shares of building types in the total area of walls built in Poland (%), 2021 and 2023-2025.....	71
50. Shares of building types in the total area of walls built in Poland, by main employers commissioning renovation and construction works (%), 2025.....	72
51. Shares of masonry mortar types in the total area of walls built in Poland (%), 2021 and 2023-2025.....	72
52. Shares of masonry mortar types in the total area of walls built in Poland, by main employers commissioning renovation and construction works (%), 2025.....	73
53. Shares of wall-building materials in the total area of walls built in Poland (%), 2021 and 2023-2025.....	73
54. Shares of wall-building materials in the total area of walls built in Poland, by main employers commissioning renovation and construction works (%), 2025.....	74
55. Shares of ready-mix masonry mortar from construction chemical manufacturers and mortar mixed on site in Poland (%), 2021 and 2023-2025.....	75
56. Shares of ready-mix masonry mortar from construction chemical manufacturers and mortar mixed on site in Poland, by main employers commissioning renovation and construction works (%), 2025.....	75
57. Reasons for mixing masonry mortar on site in Poland (%), 2021 and 2023-2025.....	76
58. Places to purchase masonry mortar in Poland (%), 2021 and 2023-2025.....	76
59. Places to purchase masonry mortar in Poland, by main employers commissioning renovation and construction works (%), 2025.....	77
60. Relevance of factors when selecting masonry mortar in Poland, 2021 and 2023-2025.....	77
61. Relevance of factors when selecting masonry mortar in Poland, by main employers commissioning renovation and construction works, 2025.....	78
62. Number of masonry mortar brands used by the surveyed companies in Poland (%), 2021 and 2023-2025.....	79
63. Number of masonry mortar brands used by the surveyed companies in Poland, by main employers commissioning renovation and construction works (%), 2025.....	80
64. Masonry mortar brands used in Poland (%), 2021 and 2023-2025.....	81
65. Masonry mortar brands used in Poland, by main employers commissioning renovation and construction works (%), 2025.....	82
66. Shares of masonry mortar from individual manufacturers in the total area of works in Poland (%), 2021 and 2023-2025.....	83
67. Shares of masonry mortar from individual manufacturers in the total area of works in Poland, by main employers commissioning renovation and construction works (%), 2025.....	84

68. Cement brands used to mix mortar on site in Poland (%), 2025.....	85
69. Number of wall-building material brands used by the surveyed companies in Poland (%), 2021 and 2023-2025.....	85
70. Number of wall-building material brands used by the surveyed companies in Poland, by main employers commissioning renovation and construction works (%), 2025.....	86
71. Brands of wall-building materials most often used in Poland (%), 2021 and 2023-2025.....	86
72. Brands of wall-building materials most commonly used in Poland, by main employers commissioning renovation and construction works (%), 2025.....	87
73. PMR forecast: Volume of the market of ready-mix masonry mortar in Poland (baseline variant, thousand tonnes) and its change (% YoY), baseline scenario, 2020-2030.....	88
74. PMR forecast: Value of the market of ready-mix masonry mortar in Poland (baseline variant, PLN m) and nominal change (% YoY), baseline scenario, 2020-2030.....	88
75. Structure of the market of ready-mix masonry mortar in Poland (thousand tonnes), 2018-2024.....	89
76. Structure of the market of ready-mix masonry mortar in Poland (PLN m), 2018-2024.....	89
77. Headcount at the surveyed companies specialised in thermal insulation systems in Poland (%), 2025.....	91
78. Main employers of the surveyed companies specialised in the installation of thermal insulation systems in Poland (%), 2025.....	92
79. Number of orders for thermal insulation system installation in Poland (%), 2025.....	92
80. Number of orders for thermal insulation system installation in Poland, by main employers commissioning renovation and construction works (%), 2025.....	93
81. Average number of orders for thermal insulation system installation in Poland, 2021 and 2023-2025.....	93
82. Average number of orders for thermal insulation system installation in Poland, by main employers commissioning renovation and construction works, 2025.....	93
83. Shares of orders for thermal insulation system installation, by area in square metres in Poland (%), 2021 and 2023-2025.....	94
84. Shares of orders for thermal insulation system installation, by area in square metres in Poland, by main employers commissioning renovation and construction works (%), 2025.....	94
85. Value of a typical order for installation of thermal insulation systems in Poland (%), 2021 and 2023-2025.....	95
86. Value of a typical order for installation of thermal insulation systems in Poland, by main employers commissioning renovation and construction works (%), 2025.....	95
87. Shares of new buildings and existing buildings in the total area of thermal insulation systems installed in Poland (%), 2021 and 2023-2025.....	96
88. Shares of new buildings and existing buildings in the total area of thermal insulation systems installed in Poland, by main employers commissioning renovation and construction works (%), 2025.....	96
89. Shares of building types in the total area of thermal insulation systems installed in Poland (%), 2021 and 2023-2025.....	97
90. Shares of building types in the total area of thermal insulation systems installed in Poland, by main employers commissioning renovation and construction works (%), 2025.....	98

91. Shares of types of thermal insulation materials in the total area of thermal insulation systems installed in Poland (%), 2021 and 2023-2025	98
92. Shares of types of thermal-insulation materials in the total area of thermal insulation systems installed in Poland, by main employers commissioning renovation and construction works (%), 2025.....	99
93. Shares of thin-coat plaster types in the total area of thermal insulation systems installed in Poland (%), 2021 and 2023-2025	99
94. Shares of thin-coat plaster types in the total area of thermal insulation systems installed in Poland, by main employers commissioning renovation and construction works (%), 2025.....	100
95. Shares of plaster grain size used in thermal insulation systems, by area of works in Poland (%), 2021 and 2023-2025.....	100
96. Shares of plaster grain size used in thermal insulation systems, by area of works in Poland, by main employers commissioning renovation and construction works (%), 2025.....	101
97. Shares of polystyrene adhesives used in thermal insulation systems, by area of works in Poland (%), 2021 and 2023-2025.....	101
98. Shares of polystyrene adhesives used in thermal insulation systems, by area of works in Poland, by main employers commissioning renovation and construction works (%), 2025.....	102
99. Places to buy thermal insulation systems in Poland (%), 2021 and 2023-2025	103
100. Places to buy thermal insulation systems in Poland, by main employers commissioning renovation and construction works (%), 2025.....	103
101. Relevance of factors when selecting thermal insulation systems in Poland, 2021 and 2023-2025	104
102. Relevance of factors when selecting thermal insulation systems in Poland, by main employers commissioning renovation and construction works, 2025	104
103. Number of thermal insulation system brands used by the surveyed companies in Poland (%), 2021 and 2023-2025	106
104. Number of thermal insulation system brands used by the surveyed companies in Poland, by main employers commissioning renovation and construction works (%), 2025.....	106
105. Brands of thermal insulation systems used in Poland (%), 2021 and 2023-2025	107
106. Brands of thermal insulation systems used in Poland, by main employers commissioning renovation and construction works (%), 2025.....	108
107. Shares of individual brands of thermal insulation systems, by the area of works in Poland (%), 2021 and 2023-2025.....	109
108. Shares of individual brands of thermal insulation systems in the total area of works in Poland, by main employers commissioning renovation and construction works (%), 2025.....	110
109. Number of polystyrene brands used by the surveyed companies in Poland (%), 2021 and 2023-2025	111
110. Number of polystyrene brands used by the surveyed companies in Poland, by main employers commissioning renovation and construction works (%), 2025.....	111
111. Most popular polystyrene brands used in thermal insulation systems installed in Poland (%), 2021 and 2023-2025.....	112

112. Shares of polystyrene brands used in thermal insulation systems installed in Poland, by main employers commissioning renovation and construction works (%), 2025.....	113
113. Number of mineral wool brands used by the surveyed companies in Poland (%), 2021 and 2023-2025.....	113
114. Most popular mineral wool brands used in thermal insulation systems installed in Poland (%), 2021 and 2023-2025.....	114
115. Shares of mineral wool brands used in thermal insulation systems installed in Poland, by main employers commissioning renovation and construction works (%), 2025.....	115
116. PMR forecast: Volume of the market for thermal insulation systems in Poland (baseline scenario, area of walls in million m ²) and its change (% YoY), 2020-2030.....	116
117. Area structure of the market for thermal insulation systems in Poland (million m ²), 2018-2024.....	117
118. Volume structure of the thin-coat plaster market in Poland (thousand tonnes), 2018-2024.....	118
119. Value structure of the thin-coat plaster market in Poland (PLN m), 2018-2024.....	118
120. Shares of orders involving the laying of floor screeds and base layers in Poland (%), 2021 and 2023-2025.....	122
121. Number of orders involving the laying of floor screeds and base layers in Poland (%), 2025.....	123
122. Number of orders involving the laying of floor screeds and base layers, by main employers commissioning renovation and construction works (%), 2025.....	123
123. Average number of orders involving the laying of floor screeds and base layers in Poland, 2021 and 2023-2025.....	124
124. Average number of orders involving the laying of floor screeds and base layers, by main employers commissioning renovation and construction works, 2025.....	124
125. Shares of orders involving the laying of floor screeds and base layers, by area in Poland (%), 2021 and 2023-2025.....	125
126. Shares of orders involving the laying of floor screeds and base layers, by area in Poland, by main employers commissioning renovation and construction works (%), 2025.....	126
127. Value of a typical order involving the laying of floor screeds and base layers in Poland (%), 2021 and 2023-2025.....	127
128. Value of a typical order involving the laying of floor screeds and base layers in Poland, by main employers commissioning renovation and construction works (%), 2025.....	128
129. Shares of new buildings and existing buildings in the total area of floor screeds and base layers installed in Poland (%), 2021 and 2023-2025.....	128
130. Shares of new buildings and existing buildings in the total area of floor screeds and base layers installed in Poland, by main employers commissioning renovation and construction works (%), 2025.....	129
131. Shares of new buildings and existing buildings in the total area of thin-layer screeds installed in Poland, by headcount (%), 2025.....	129
132. Shares of new buildings and existing buildings in the total area of composite base layers installed in Poland, by headcount (%), 2025.....	129
133. Shares of building types in the total area of floor screeds and base layers installed in Poland (%), 2021 and 2023-2025.....	130

134. Shares of building types in the total area of floor screeds and base layers installed in Poland, by main employers commissioning renovation and construction works (%), 2025.....	131
135. Shares of floor screed and base layer types installed in Poland (%), 2021 and 2023-2025	131
136. Shares of floor screed and base layer types installed in Poland, by main employers commissioning renovation and construction works (%), 2025.....	132
137. Shares of floor screed and base layer types installed in Poland, by dominant construction segment (%), 2025	132
138. Shares of hand- and machine-applied floor screeds and base layers in Poland (%), 2021 and 2023-2025	132
139. Shares of hand- and machine-applied floor screeds and base layers in Poland, by dominant construction segment (%), 2025	133
140. Shares of hand- and machine-applied floor screeds and base layers in Poland, by main employers commissioning renovation and construction works (%), 2025.....	133
141. Shares of hand- and machine-applied thin-layer screeds in Poland, by company size (%), 2025 ...	133
142. Shares of hand- and machine-applied composite base layers in Poland, by company size (%), 2025	134
143. Trends in laying thin-layer floor screeds, 2025.....	136
144. Trends in laying base layers, 2025.....	136
145. Shares of floor screeds and base layers, ready-mix and mixed on site, in Poland (%), 2021 and 2023-2025	137
146. Shares of floor screeds and base layers, ready-mix and mixed on site, in Poland, by main employers commissioning renovation and construction works (%), 2025.....	137
147. Shares of floor screeds and base layers, ready-mix and mixed on site, in Poland, by dominant construction segment (%), 2025	138
148. Shares of floor screed and base layer types mixed on site in Poland (%), 2021 and 2023-2025....	138
149. Reasons for mixing floor screeds on site in Poland (%), 2021 and 2023-2025.....	139
150. Places to buy floor screeds in Poland (%), 2021 and 2023-2025.....	140
151. Places to buy floor screeds and base layers in Poland, by main employers commissioning renovation and construction works (%), 2025.....	141
152. Places to buy floor screeds and base layers in Poland, by dominant construction segment (%), 2025	141
153. Relevance of factors when selecting thin-layer screeds in Poland, 2025.....	142
154. Relevance of factors when selecting thin-layer screeds in Poland, by main employers commissioning renovation and construction works, 2025	143
155. Relevance of factors when selecting thin-layer screeds in Poland, by dominant construction segment, 2025.....	144
156. Relevance of factors when selecting a composite base layer in Poland, 2025.....	145
157. Relevance of factors when selecting a base layer in Poland, by main employers commissioning renovation and construction works, 2025	145
158. Relevance of factors when selecting a base layer in Poland, by dominant construction segment, 2025.....	146

159. Number of brands of cement floor screeds and base layers used by the surveyed companies in Poland (%), 2021 and 2023-2025.....	148
160. Number of brands of cement floor screeds and base layers used by the surveyed companies in Poland, by main employers commissioning renovation and construction works (%), 2025.....	149
161. Brands of cement-based floor screeds and base layers used in Poland, by main employers commissioning renovation and construction works (%), 2025.....	150
162. Shares of individual brands of cement-based floor screeds and base layers in the total area of works in Poland, by main employers commissioning renovation and construction works (%), 2025.....	152
163. Number of brands of anhydrite floor screeds and base layers used by the surveyed companies in Poland (%), 2021 and 2023-2025.....	153
164. PMR forecast: Volume of the floor screed and base layer market in Poland (baseline scenario, area of floors in million m ²) and its change (% YoY), 2020-2030.....	156
165. PMR forecast: Volume of the market of ready-mix floor screeds and base layers in Poland (baseline scenario, thousand tonnes) and its change (% YoY), 2020-2030.....	156
166. PMR forecast: Value of the market of ready-mix floor screeds and base layers in Poland (baseline scenario, PLN m) and nominal change (% YoY), 2020-2030.....	156
167. Volume structure of the ready-mix floor screed and base layer market in Poland (thousand tonnes), 2018-2024.....	157
168. Value structure of the ready-mix floor screed market in Poland (PLN m), 2018-2024.....	157
169. Headcount at the surveyed companies specialised in thick-coat plastering works in Poland (%), 2025.....	159
170. Main employers of the surveyed companies specialised in plastering works in Poland (%), 2025..	160
171. Average number of orders involving traditional thick-coat plastering in Poland, 2021 and 2023-2025.....	160
172. Average number of orders involving traditional thick-coat plastering in Poland, by main employers commissioning renovation and construction works, 2025.....	160
173. Number of orders involving traditional thick-coat plastering in Poland (%), 2025.....	161
174. Number of orders involving traditional thick-coat plastering in Poland, by main employers commissioning renovation and construction works (%), 2025.....	161
175. Shares of orders involving traditional thick-coat plastering, by total area of plasterwork in Poland (%), 2021 and 2023-2025.....	162
176. Shares of orders involving traditional thick-coat plastering, by total area of plasterwork in Poland, by main employers commissioning renovation and construction works (%), 2025.....	162
177. Value of a typical order involving traditional thick-coat plastering in Poland (%), 2021 and 2023-2025.....	163
178. Value of a typical order involving traditional thick-coat plastering in Poland, by main employers commissioning renovation and construction works (%), 2025.....	163
179. Shares of new buildings and existing buildings in the total area of plasterwork in Poland (%), 2021 and 2023-2025.....	164
180. Shares of new buildings and existing buildings in the total area of plasterwork in Poland, by main employers commissioning renovation and construction works (%), 2025.....	164
181. Shares of building types in the total area of plasterwork in Poland (%), 2021 and 2023-2025.....	165

182. Shares of building types in the total area of plasterwork in Poland, by main employers commissioning renovation and construction works (%), 2025.....	166
183. Area shares of types of plaster used in Poland (%), 2021 and 2023-2025.....	166
184. Area shares of types of plaster used in Poland, by main employers commissioning renovation and construction works (%), 2025.....	167
185. Shares of hand- and machine-applied plaster in Poland (%), 2021 and 2023-2025	167
186. Shares of hand- and machine-applied plaster in Poland, by main employers commissioning renovation and construction works (%), 2025.....	167
187. Shares of interior and exterior wall plaster in Poland (%), 2021 and 2023-2025	168
188. Shares of interior and exterior wall plaster in Poland, by main employers commissioning renovation and construction works (%), 2025.....	168
189. Average thickness of plaster (in cm) in Poland, 2021 and 2023-2025	168
190. Shares of ready-mix plastering mortar and plaster mixed on site in Poland (%), 2021 and 2023-2025	170
191. Shares of ready-mix plastering mortar and plaster mixed on site in Poland (%), by main employers commissioning renovation and construction works, 2025	170
192. Shares of ready-mix plastering mortar and plaster mixed on site in Poland (%), by headcount, 2025	170
193. Reasons for mixing plaster mortar on site in Poland (%), 2021 and 2023-2025	171
194. Places to buy thick-coat plaster in Poland (%), 2021 and 2023-2025	172
195. Places to buy thick-coat plaster in Poland, by main employers commissioning renovation and construction works (%), 2025.....	172
196. Most popular DIY chains to buy thick-coat plaster in Poland (%), 2025.....	173
197. Relevance of individual factors when selecting plastering mortar in Poland, 2021 and 2023-2025.....	173
198. Relevance of individual factors when selecting plastering mortar in Poland, by main employers commissioning renovation and construction works, 2025	174
199. Number of brands of thick-coat cement-lime plaster used by the surveyed companies in Poland (%), 2021 and 2023-2025.....	175
200. Number of thick-coat cement-lime plaster used by the surveyed companies in Poland, by main employers commissioning renovation and construction works (%), 2025.....	176
201. Brands of thick-coat cement-lime plaster used in Poland (%), 2021 and 2023-2025.....	177
202. Brands of thick-coat cement-lime plaster used in Poland, by main employers commissioning renovation and construction works (%), 2025.....	178
203. Shares of cement-lime plaster brands, by total area of works in Poland (%), 2021 and 2023-2025.....	179
204. Shares of individual brands of cement-lime plaster in the total area of works in Poland, by main employers commissioning renovation and construction works (%), 2025.....	180
205. Number of thick-coat gypsum plaster brands used by the surveyed companies in Poland (%), 2025	181
206. Number of thick-coat gypsum plaster brands used by the surveyed companies in Poland, by main employers commissioning renovation and construction works (%), 2025.....	181

207. Brands of thick-coat gypsum plaster brands used in Poland (%), 2021 and 2023-2025	182
208. Brands of thick-coat gypsum plaster used in Poland, by main employers commissioning renovation and construction works (%), 2025.....	183
209. Shares of individual brands of thick-coat gypsum plaster in the total area of works in Poland (%), 2021 and 2023-2025.....	184
210. Shares of individual brands of thick-coat gypsum plaster in the total area of works in Poland, by main employers commissioning renovation and construction works (%), 2025.....	185
211. PMR forecast: Volume of the thick-coat plaster market in Poland (baseline scenario, area of walls and ceilings in million m ²) and its change (% YoY), 2020-2030 ..	186
212. PMR forecast: Volume of the market of the ready-mix thick-coat plaster in Poland (baseline scenario, thousand tonnes) and its change (% YoY), 2020-2030.....	186
213. PMR forecast: Value of the thick-coat plaster market in Poland (baseline scenario, PLN m) and nominal change (% YoY), 2020-2030.....	187
214. Value structure of the ready-mix thick-coat plaster market in Poland (thousand tonnes), 2018-2024	187
215. Value structure of the ready-mix thick-coat plaster market in Poland (PLN m), 2018-2024	187
216. Average number of orders completed by renovation and construction companies in Poland, 2021 and 2023-2025.....	189
217. Shares of construction and renovation orders in Poland, by total area of works (%), 2025.....	190
218. Value of a typical construction and renovation order in Poland (%), 2025	191
219. Consumption of construction chemicals, by new and existing buildings in Poland (%), 2025.....	192
220. Application of construction chemicals, by ready-mix and on-site mixed products in Poland (%), 2025	194
221. PMR forecast: Volume of the market for ready-mix construction chemicals in Poland (thousand tonnes) and its change (% YoY), baseline scenario, 2020-2030	197
222. PMR forecast: Shares of the market for ready-mix construction chemicals in construction market in Poland (%), 2020-2030.....	199
223. PMR forecast: Construction and assembly output (PLN bn) and its nominal change (% YoY) in residential construction in Poland, baseline scenario, 2020-2030.....	202
224. Births and deaths in Poland (thousand), 2010-2024.....	204
225. PMR forecast: Construction and assembly output (PLN bn) and its nominal change (% YoY) in non-residential construction in Poland, baseline scenario, 2020-2030	206
226. PMR forecast: GDP per capita and real change of GDP in Poland (PLN thousand and % YoY), 2021-2030	208
227. PMR forecast: CPI, price index for construction output and for concrete, cement and gypsum products in Poland (% YoY), baseline scenario, 2021-2030	210
228. PMR forecast: Polish WIBOR 3M average annual interest rate (%), 2021-2030.....	211
229. PMR forecast: Change in the number of mortgage loans granted and nominal change in the mortgage loan value in Poland (% YoY), 2021-2030	211

62. Key financial data of Termo Organika Sp. z o.o., 2019-2023.....	278
63. Types of work performed by companies using construction chemicals in Poland (%), 2019, 2021 and 2023-2025.....	284

PMR – a leading market research firm in Central and Eastern Europe.

PMR provides **industry analyses, market research** and **economic forecasting services** for the region of Central and Eastern Europe.

The company was founded by a group of investors from the USA and Poland who were later joined by shareholders from the UK and the RSA.

Currently, PMR is a provider of analyses, research and forecasts for **global players** interested in Central and Eastern European markets, with a portfolio of over 2,000 conducted projects.

We specialise in research and analyses:

- of the retail, IT, telecommunications, construction, pharmaceutical and medical markets
- covering Central and Eastern Europe (CEE), in particular Poland, Russia, the Czech Republic, Slovakia, Hungary, Ukraine and Romania.

We also have extensive experience of conducting projects on other industries (e.g. agri-food, FMCG, consumer electronics, household appliances, cosmetics, manufacturing, e-commerce, HoReCa) and countries (we have carried out projects in more than 30 countries).

The quality of our services and products is ensured by the team of around 80 staff, including:

- analysts of the ICT, construction, medical and retail markets
- a team of macroeconomics, forecasting and econometric modelling experts
- quantitative researchers
- qualitative researchers
- data visualisation and data analysis experts
- specialists in quantitative and qualitative fieldwork.

PMR offers:

- **Periodic reports** on the Retail, Construction, Pharma & Healthcare and ICT markets in Central and Eastern Europe. The reports include information on market size, shares of major players, trends and events in the sector under review. Detailed forecasts, accompanied by insightful commentary, form a key part of the reports. The forecasts are prepared by a team of econometric modelling experts and industry analysts.
- **Customised market sizing and forecasting** services, conducted on clients' request.
- **Quantitative and qualitative market research** services carried out with the use of CATI, CAWI, FGI, IDI, expert interviews and other methodologies.
- International quantitative and qualitative **fieldwork services** in the CEE region for market research agencies.

PMR's clients are mainly multinational companies operating in the CEE region, state institutions, consulting companies and international market research agencies. We boast a portfolio of **over 2,000 completed market research projects**.

We operate an in-house CATI studio and collaborate with a network of subcontractors throughout the CEE region.

PMR has its head office in Krakow, Poland. In 2022 we have launched another location in Poznan, Poland.
